

Pedestrian Safety Workshop Series

Need for Improvement

New Mexico could and should be a great place to walk. However, New Mexico is the most dangerous state in the US to be a pedestrian. In New Mexico, during 2005, 61 pedestrians were killed and hundreds injured in pedestrian crashes. There is much room for improvement.

The Solution

How do we make our communities safer for pedestrians? The Pedestrian Safety Workshop series offers two solutions: an in-depth, stepwise guide to creating a community specific pedestrian safety action plan, and the latest information on designing pedestrian facilities which are comfortable, accessible, safe and efficient.

The Pedestrian Safety Workshop Series

Offered by the Federal Highway Administration, this two-part workshop series aims to present communities throughout New Mexico with proven strategies to reduce pedestrian injury and foster more walkable communities. These hands-on workshops focus on developing local solutions for new and retrofitted pedestrian facilities.

Who Should Attend

Community leaders, transportation professionals, planners, law enforcement, and citizen advocates are encouraged to attend the **Developing a Pedestrian Safety Action Plan** workshop. The **Designing Streets for Pedestrian Safety** workshop offers specific pedestrian facility design guidance and solutions.

The Presenters

- Aida Berkovitz, FWHA Safety Engineer
- Michael Moule, P.E., Livable Streets, Inc.
- Sue Newberry, Community Partners LLC

For More Information:

- Call the **workshop information line** at (505) 272-6531
- See the **UNM/CIPRE website** (and register) at <http://hsc.unm.edu/emersed/CIPRE/Events.html>

Continuing Professional Education

Each workshop provides professionals with 14 hours of continuing education credit.

Developing a Pedestrian Safety Action Plan

**Forum Lecture Hall
College of Santa Fe, Santa Fe, NM
August 21-22, 2006**

- I. Introduction and Purpose
- II. Stakeholder Involvement
- III. Data Collection
- IV. Analyzing Information and Prioritizing Concerns
- V. Selecting Countermeasures
 - Walk along the road pedestrian crashes: sidewalks
 - Crossing crashes: medians, curb extensions, signals, crosswalks
 - Intersection crashes: intersection geometry, signals
- VI. Field Trip and Site Analysis
- VII. Problem Solving
- VIII. Solutions Report: Brainstorming for Policy Change
- IX. Selecting High Priority Changes
- X. Getting Funding
- XI. Next Steps: Creating the Pedestrian Safety Action Plan

Designing Streets for Pedestrian Safety

**Forum Lecture Hall
College of Santa Fe, Santa Fe, NM
August 23-24, 2006**

- I. Introduction and Purpose
- II. Community Planning Factors that Impact Pedestrian Safety
- III. Sidewalk Design Elements for Pedestrian Safety
- IV. Transit
- V. Street Crossing Designs
- VI. Popular Countermeasures and Facility Enhancements
- VII. Intersection Signalization
- VIII. Field Trip and Site Analysis
- IX. Problem Solving
- X. Solutions Report: Brainstorming for Policy Change
- XI. Selecting High Priority Changes
- XII. Getting Funding
- XIII. Next Steps: Creating the Pedestrian Safety Action Plan

Pedestrian Safety Workshop Sign-up Form

To register, please completely fill out the information requested below and mail with payment to:

**Department of Emergency Medicine
Attn: Diane Carabajal
MSC 10-5560, 1 UNM
Albuquerque NM 87131-0001
FAX: (505) 272-6503**

Workshop(s) of choice

- ☐ **Session I:** Developing a Pedestrian Safety Action Plan (August 21-22, 2006, 8:00 am—4:30 pm)
- ☐ **Session II:** Designing for Pedestrian Safety (August 23, 8:00 am—4:30 pm, August 24, 8:00 am—4:30 pm)

Breakfast and Lunch provided

Both workshops will take place at the **College of Santa Fe Forum Lecture Hall**, 1600 Saint Michael's Drive, Santa Fe, New Mexico

Name: _____

Title: _____

Organization: _____

Address: _____

_____ Zip: _____

Phone: _____ Fax: _____

Email: _____

Please include \$50.00 registration fee (non-refundable/credit cards not accepted)

- ☐ Check (check number: _____) payable to **UNM Department of Emergency Medicine** (please indicate name of participant on check)

☐ Cash

☐ Purchase Order # _____

Limited seats available

Registration can be faxed to (505) 272-6503
